Model Criteria

Do you have an idea for **adding criteria** that is not on the list? Jot it down here:

Do you have an idea for **revising or clarifying criteria**? Jot it down here:

Should we **remove any criteria**?

Model Criteria

Individually, think about the class criteria list that you made. Which two criteria from the class list are most important? Why do you think so?

Discuss

What did we figure out today?
What did we learn about why the fish are dying?
What questions do we still have?
